American Civil Procedure

John Bihlly Oakley 2005-01-01 This concise description of civil procedure in the federal and state courts of the United States will be greatly welcomed by lawyers and legal scholars everywhere. Without going into deep analysis, the book covers every important feature of these legal systems, drawing on the expertise and experience of two well-known practitioners. As well as the rules, policies, normative principles, and future trends, the authors cite recent cases affecting procedure. Areas covered include sources, judicial organization, exercise of the legal profession, jurisdiction, due process standards, rules of evidence, enforcement of judgments, arbitration, and much more.

American Procedure
Geoffrey C. Hazard 1995-08-01 From divorce proceedings to personal injury disputes to lawsuits over housing, affirmative action, and labor relations, many of the conflicts in American society may eventually find their way into a courtroom. Such civil conflicts, which do not involve violations of the criminal code, encompass both actions between private parties and public controversies. This clear and direct book by two distinguished professors of law describes and analyzes civil litigation in the United States. Geoffrey C. Hazard, Jr., and Michele Taruffo discuss both specific details and broader themes of American civil litigation, explaining (without legal jargon) trial, adversary, the power of courts to make law as well as “declare” it, and the role of civil justice in government and in the resolution of controversial social issues. Hazard and Taruffo examine the stages of civil procedure, including the lawyers’ role in preparing and presenting cases, the pretrial, pleading and discovery, trial, and appeal process; and procedural variations. They explore the historical evolution of common law and procedure and compare American civil procedure with its counterparts in other modern societies in Europe, Latin America, and Japan. They conclude by discussing the economic, political, and moral constraints on litigation, possible innovations to the process, and the political significance of public access to civil justice.

Litigating in America
Stephen Sulm 2006-01-01 Designed to introduce American civil litigation and procedure to a wide audience: foreign LL.M. students, beginning American law students, undergraduates interested in law, and foreign, lawyers, judges, and law professors. This succinct new paperback Litigating in America: Civil Procedure in Context explains the institutional bases and legal meaning of our procedural system, and captures American civil process at a time of change. It presents American law students, undergraduates interested in law, and foreign lawyers, judges, and law professors. This succinct new paperback Litigating in America: Civil Procedure in Context explains the institutional bases and legal meaning of our procedural system, and captures American civil process at a time of change. It presents American civil procedure from several vantage points: the procedural doctrine that has evolved over time; the practical implications of that doctrine; the social context in which the doctrine grew, is used and abused; and the global context of how other systems may have made different choices. It is an excellent supplement to any casenobook.

American Civil Procedure
James R. Maxeiner 2011-08-29 Civil justice in the United States is neither civil nor just. Instead it embodies a maxim that the American legal system is a paragon of legal process which assures its citizens a fair and equal treatment under the law. Long have critics recognized the system’s failings while offering abundant criticism but few solutions. This book provides a comparative-critical introduction to civil justice systems in the United States, Germany, and Korea. It shows the shortcomings of the American system and compares it with German and Korean successes in implementing the rule of law. The author argues that these shortcomings could very easily be fixed if the American legal systems were open to seeing how other legal systems’ civil justice processes handle cases more efficiently and fairly. Far from being a treatise for specialists, this book is an introductory text for civil justice in the three aforementioned legal systems.

Civil Law and Litigation for Paralegals
Neal R. Bevans 2018-09-20 Civil Law and Litigation for Paralegals is a comprehensive text designed specifically for paralegal civil litigation courses. Author Neal Bevans not only teaches the basics of civil litigation, but also gives students the opportunity to learn skills they will use in practice. In a balanced approach, Bevans covers all the key topics paralegals need to know in an easy-to-read and engaging style that utilizes numerous examples and illustrations but never overwhelms the student. The text provides students with an in-depth analysis of a wide variety of civil cases, beginning with laying out the basic foundation of the American legal system. It proceeds through the investigation and implementation of a civil case, and follows the case through to the appeal. The text balances the theoretical underpinnings of the law with the practical examples and hands-on experience that all students need to completely understand the topic. The helpful paralegal throughout the book and a comprehensive teaching package make class preparation as easy as possible. Features: Clear introduction to the functioning of civil justice for paralegals. Provides students with an in-depth analysis of a wide variety of civil cases, laying out the basic foundation of the American legal system; proceeding through the investigation and implementation of a civil case, and following the case through to the appeal. Designed to help prepare students for the practical world of divorce, car wreck cases, and medical malpractice claims that they will see every day in civil practice. Each chapter presents students with examples of the important role that paralegals play in every stage of civil litigation, from client intake to bringing an appeal. Understandable writing style with strong paralegal, resulting in a teachable and accessible text. Each chapter includes Practice Pointers, Search Suggestions, Tech Topics, and Legal Lopex lenses, along with case excerpts, forms, and ethics. Helpful pedagogy includes Chapter Objectives that focus learning and review, boldfaced key terms and marginal definitions for common reference, Review questions at the end of each chapter, and references to web sites that facilitate legal research.

Civil Procedure of the Trial Court in Historical Perspective
Robert Wyness Miller 1952. Robert Wyness. Civil Procedure of the Trial Court in Historical Perspective. New York: Published by the Law Book of New York University for the National Conference of Judicial Councils, 1952. 314 pp. Reprint available November 2004 by The Lawbook Exchange, Ltd., ISBN 1-874776-64-8. Civil. $95. * Reprint of a title from the Judicial Administration Series published by the National Conference of Judges, 1952. Michael Miller, a professor at Northwestern University Law School, was a leading authority on civil procedure and its history. Written near the end of his career, the present study is a brilliant summary of his life’s work. It discusses antecedents of the Anglo-American system, the evolution of procedure and American civil procedure in the nineteenth century. Other chapters discuss the development of specific areas, such as an introduction of the cause, mode of trial and voluntary dismissal.
