Rickshaw - Wikipedia
Rickshaw originates from the Japanese word jinrikisha (力車, 人力車, jin riki sha) which literally means “human-powered vehicle”. History Origin. The first rickshaws were invented in France in the late 17th century, to fulfill, along with other types of carriages such as cabriolets and fiacres, the unmet demand for public transportation created by the growing urban population.

Pulled rickshaw - Wikipedia
A pulled rickshaw (or ricksha, 力車) is a mode of human-powered transport by which a runner draws a two-wheeled cart which seats one or two people. In recent times the use of human-powered rickshaws has been discouraged or outlawed in many countries due to concern for the welfare of rickshaw workers. Pulled rickshaws have been replaced mainly by cycle rickshaw and auto rickshaw.
