Eva's life was set to become very different after December 1942, when she and her sister Andra were among the 230,000 children deported to Auschwitz. On arrival, they were separated from their mother, Mira, their aunt, and cousin Sergio, and they were taken to Auschwitz I, the infamous death march in January 1945, the painful aftermath of liberation and Eisen's journey of physical and psychological healing. Ultimately, the book offers a message of hope as the author finds his way to a new life. "This is an important book that should be read by everyone who wants to understand the Holocaust," said Elie Wiesel, the renowned Holocaust survivor and author of Night. "It is a story of survival, of resilience, of the human spirit's ability to endure against all odds."

The book is available for pre-order now and will be released on March 22, 2022, by guest.

A Brief Stop On the Road From Auschwitz - Goran Rosenberg 2015-02-24 This shattering memoir by a journalist about his father's attempt to survive the aftermath of Auschwitz as a small child in a small industrial town in Sweden won the prestigious August Prize. On August 2, 1947 a young man gets off a train in a small Swedish town to begin his life anew. Having endured the ghetto of Lodz, the death camp of Auschwitz-Birkenau, the slave camps and transports during the final months of Nazi Germany, his final challenge is to survive the survival. In this intelligent and deeply moving book, Göran Rosenberg returns to his own childhood to tell the story of his father—walking at his side, holding his hand, trying to get close to him. It is also the story of the chasm between the world of the child, permeated by the optimism, progress, and collectivity of postwarSweden, and the world of the father, darkened by the long shadows of the past.

Auschwitz and After - Charlotte Delbo 2018-09-10 Written by a member of the French resistance who became an important literary figure in postwar France, this moving account of life and death in Auschwitz and the postwar experiences of women survivors has become a key text for Holocaust studies. The second edition includes an updated and expanded introduction and new writing by Holocaust scholar Lawrence H. Langer. "Delbo's poignant and reflective account of her and her sister's struggles from within the gas chambers to their eventual release. The superb new introduction by Lawrence H. Langer illuminates the subtlety and complexity of Delbo's meditation on memory, time, culpability, and survival, in the context of what Langer calls the 'afterdeath' of the Holocaust. A powerful, timely, and timely reminder of what can happen to the soul. - Sara R. Horowitz, York University Winner of the 1995 American Literary Translators Association Award
