The Oxford Handbook of Country Music: Travis D. Stimpling 2017-06-01 Now in its sixth decade, country music studies is a thriving field of inquiry involving scholars working in the fields of American history, folklore, sociology, anthropology, musicology, ethnomusicology, cultural studies, and geography, among many others. Covering issues of historiography and practice as well as the ways in which the genre interacts with media and social concerns such as class, gender, and sexuality, The Oxford Handbook of Country Music interrogates prevailing narratives, explores significant lacunae in the current literature, and provides guidance for future research. More than simply treating issues that have emerged within this subfield, The Oxford Handbook of Country Music works to connect to broader discourses within the various fields that inform country music studies in an effort to strengthen the area’s interdisciplinarity. Drawing upon the expertise of leading and emerging scholars, this Omnibus presents an introduction into the historiographical narratives and methodological issues that have emerged in country music studies’ first half-century.

Steal This Country: Alexandra Styron 2018-09-04 A walk-the-talk, talk-the-talk, hands-on, say-it-loud handbook for activist kids who want to change the world! Inspired by Abbie Hoffman's radical classic, Steal This Book, author Alexandra Styron's stirring call for resistance and citizen activism will be clearly heard by young people who don’t accept “it is what it is,” who want to make sure everybody gets an equal piece of the American pie, and who know that the future of the planet is now. Styron's irreverent and informative primer on how to make a difference is organized into three sections: The Why, The What, and The How. The book opens with a personal essay and a historic look at civil disobedience and teenage activism in America. That’s followed by a deep dive into several key issues: climate change, racial justice, women’s rights, LGBTQ rights, immigration, religious understanding, and intersectionality. Each chapter is introduced by an original full page comic and includes a summary of key questions, interviews with movers and shakers—from celebrities to youth activists—and spotlights on progressive organizations. The book’s final section is packed with how-to advice on ways to engage, from group activities such as organizing, marching, rallying, and petitioning to individual actions like voting with your wallet, volunteering, talking with relatives with different viewpoints, and using social activism to get out a progressive message. This is a perfect book for older middle-schoolers and teens who care about the planet, the people with whom they share it, and the future for us all.

Papunya School Book of Country and History: Papunya School 2001-09-01 WINNER: CBCA Book of the Year, Eve Pownall Award for Information Books. 2002 This multi-award-winning book tells the story of how Anangu from five different language groups came to live together at Papunya. From the time of first contacts with explorers, missionaries and pastoralists, through to the Papunya art movement and the Warumpi Band, this multi-layered text finally leads us to the development of the unique educational environment that is Papunya School. As an example of two way learning, it is a profound metaphor for reconciliation.

This collection includes Dolly Parton, Reba McEntire, Johnny Cash, Willie Nelson, Carrie Underwood, Eric Church, Luke Bryan, and more.

Country Women—Sherry Thomas 2021-05-13 The Indispensable Reference for the Self-Sufficient Homesteader This classic reference, which has informed two generations of women, is taken from the original homesteading publication Country Women. Written from the perspective of women learning and sharing all manner of farming knowledge on a small scale, it remains an invaluable guide. Encouragement and practical information infuse the reader with a deep respect for the land and personal journal entries throughout inspire a sense of self-sufficiency rooted in the earth. Born of the “back to the land” movement, this handbook chronicles the aspirations of tireless women seeking a new life on small farms around America. Authors Jeanne Tetrault and Sherry Thomas lived this philosophy and lifestyle as they eventually networked with like-minded women to share ideas, stories, and knowledge. Country Women (not the glossy upstart Country Woman Magazine) started as a small newsletter to share information between the small farms, collectives and communes scattered about the country, eventually reaching 17,000 people by word of mouth. Readers were encouraged to contribute what they knew about gardening, raising goats, building a barn, or any other practical know-how valuable to the new farmer. These voices became the collective voice of self-sufficient women everywhere. Tetrault and Thomas painstakingly crafted this compendium of the magazine’s early years more to capture the best of the information, while adding additional sections on veterinary medicine, carpentry, and more detailed animal care. This manual at once captures the spirit of a generation and conveys timeless wisdom. A must for everyone wishing to build a stronger relationship with the land and their place on it. This book is also available from Echo Point Books in hardcover (ISBN 1635619904).

Country Poetry—D. Leo Lund 2014-10-05 Country Poetry is a collection of poems as well as lyrics to songs that the author has written over the last 50 years. Many are written about his personal experiences and heartaches as he grew from a boy raised in the foothills of the Cascade Mountains, just south of Seattle, Washington, into manhood and beyond. He writes with a deep understanding and compassion for the desperately poor and abused, having been raised in a household with a violent periodic alcoholic. He also shares a deep faith which is shared in the companion volume, Gospel Poetry. It is difficult not to be touched by the heart by the tragedy and pain revealed in the stories revealed about the people in his prose.

The Good Country Equation—Simon Anholt 2020-08-11 “Not only does Anholt explain the challenges facing the world with unique clarity, he also provides genuinely new, informative, practical, innovative solutions. . . . The book is a must-read for anyone who cares about humanity’s shared future.”—H. E. Mohamed Abdullahi Mohamed (Farmajo), President of the Federal Republic of Somalia Simon Anholt has spent decades helping countries from Austria to Zambia to improve their international standing. Using colorful descriptions of his experiences—dining with Vladimir Putin at his country home, taking a group of Felipe Calderon’s advisors on their first Mexico City subway ride, touring a beautiful new government hospital in Afghanistan that nobody would use because it was in Taliban-controlled territory—he tells how he began finding answers to that question. Ultimately, Anholt hit on the Good Country Equation, a formula for encouraging international cooperation and reinventing education for a globalized era. Anholt even offers a “selfish” argument for cooperation: he shows that it generates goodwill, which in turn translates into increased trade, foreign investment, tourism, talent attraction, and even domestic electoral success. Anholt insists we can change the way countries behave and the way people are educated in a single generation—because that’s all the time we have.

China, a Country Study—Frederica M. Bunge 1981

The Handbook of Country Risk 2006-2007—Jonathan Resvéd 2006-05-01 This 8th edition of The Handbook of Country Risk is an invaluable resource both for companies developing international trade and for entrepreneurs and their advisors concerned with international investment. contains a review of empirical studies of its main topic, a study of literary representations of that topic, and a study of postcolonial theoretical spins. The literary representations in the refugee essay are a novel and short story by the Haitian writer Edwidge Danticat; in the colonization essay a short film by Javier Fesser and a novella by Mahasweta Devi (translated by Gayatri Chakravorty Spivak); and in the intergenerational trauma essay novels by James Welch and Toni Morrison and a short story by Percival Everett. The first essay’s theoretical spins include Deleuze and Guattari on nomad thought and Iain Chambers on migrancy; the second’s, Nietzsche’s Genealogy of Morals and theories of postcolonial affect in Bhabha and Spivak; the third’s, work on historical trauma by Cathy Caruth and Dominic LaCapra.

Impact Evaluation in Practice, Second Edition—Paul J. Gertler 2016-09-12 The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies and implications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

Our Country Friends—Gary Shetyngart 2021-11-02 Eight friends, one country house, four romances, and six months in isolation—a novel about love, friendship, family, and betrayal, a book that reads like a great Russian novel, or Chekhov on the Hudson, by a novelist The New York Times calls “one of his generation’s most original writers.”—Andrew Sean Greer, Pulitzer Prize-winning author of Less It’s March 2020 and a calamity is unfolding. A group of friends and friends-of-friends gathers in a vast house to wait out the pandemic. Over the next six months, new friendships and romances will take hold, while old betrayals will emerge, forcing each character to reevaluate whom they love and what matters most. The unlikely cast of characters includes a Russian-born novelist; his Russian-born psychiatrist wife; their precocious child obsessed with K-pop; a struggling Indian American writer; a wildly successful Korean American app developer; a global dandy with three passports; a Southern film producer whose brother is a movie star; the Actor, whose arrival upsets the equilibrium of this chosen family. Both elegiac and very, very funny, Our Country Friends is the most ambitious book yet by the author of the beloved bestseller Super Sad True Love Story.

UP TO DATE TRANSPARENT INFORMATION - All data inside this book is a reflection of the latest data found from surveys and registries unless specifically stated inside the book. Information has come from both independent findings and government registries and findings (mostly for population). ONE OF OUR BEST SELLING BOOKS. The world flag book makes a great gift as well as a
The Negro Motorist Green Book - Victor H. Green
The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Handbook of European Homicide Research - Marieke C. A. Liem
2011-10-17 This comprehensive work provides a sourcebook of information about the substantive, methodological, and policy-oriented aspects of homicide research in Europe. Part one of this work covers the most recent substantive and methodological information about European homicide research. The second part will contain detailed case studies on homicide research in 15-20 individual European nations. This work will be both conceptual and practical. Conceptual aspects will focus on theoretical frameworks and patterns and trends of violence in Europe. Practical aspects will examine the results of empirical research, topics relating to different data sources and the variation of legal definitions of violence throughout Europe, and policy issues relating to variation in homicide prevention and punishment of homicide offenders throughout Europe. This handbook will not only provide an up-to-date reference that brings together known information, but will also offer previously unpublished comprehensive literature reviews and original research findings. The editors' distinctive approach is to provide readers with an English-language central source of information about the voluminous literature on European homicide research that is currently spread widely in dozens of different European and American journals.
