Out of DSM: Depathologizing Homosexuality
Dec 04, 2015 · 1. Introduction. In 1973, the American Psychiatric Association (APA) removed the diagnosis of "homosexuality" from the second edition of its Diagnostic and Statistical Manual (DSM) [1,2].This resulted after comparing competing theories, those that pathologized homosexuality and those that viewed it as normal [3,4,5,6].In an effort to explain how that decision came about, this paper ...

Forensic psychiatry - Wikipedia
Forensic psychiatry is a subspecialty of psychiatry and is related to criminology. It encompasses the interface between law and psychiatry. According to the American Academy of Psychiatry and the Law, it is defined as "a subspecialty of psychiatry in which scientific and clinical expertise is applied in legal contexts involving civil, criminal, correctional, regulatory, or legislative matters.

 Discrimination against people with mental illness: what
Avoidance of psychiatric treatment. On what basis do people judge where to go for help for mental illness (Reference Wang, Berglund and Kessler Wang 2003)? A large national survey in Germany described vignettes of people with depression or schizophrenia and asked about how to find help (Reference Angermeyer, Matschinger and Riedel-Heller Angermeyer 1999).
