These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. They are people you know. They are neighbors, family members, friends, and colleagues. They are the Dennis Rader’s, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Case, who have killed more people than serial killers. Casting a wide net, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and where they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials, and some people. For those there is a list of crimes that are linked to their those. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

The Fatal Collector-Ashley Leecker 2020-04-21 Bring your love of true crime to the kitchen with meals ranging from the bizarre to sinister black foods to bloody cocktails. Learn about the foods that make up the modern serial killer diet! From vegetables that are cut with the razor-sharp teeth of a serial killer, to body parts that are seasoned and cooked to perfection, this book will have you thinking twice about dinner. 

Evil Serial Killers-A Cineto 2020-04-03 The FBI estimate that there are between 25 and 50 serial killers at large in the USA at any given time. But the truth is few people. We usually say we could kill someone, but that is usually hyperbole. Most of us can imagine what it might be like to be driven to a senseless act of violence in an unendurable situation. To kill once is one thing; to kill over and over again is quite another. What drives these people who kill and kill again? Are they possessed by some demon? Do they enjoy the body parts? Do they lack the ability to empathize with others? These are the questions that keep us up at night. Serial killers are on the loose, and we need to know how to stay safe. This book is packed with real-life cases of serial killers, including the most famous cases of all time. From the brutal murder of JonBenet Ramsey to the unsolved mystery of the Zodiac Killer, this book has it all. 

Darkly Delicious: A Cookbook of True Crime Stories

A true crime murder case that combines state-of-the-art psychological assessment expertise with the experience of a homicide investigator who has tracked some of the world's most notorious serial killers. From the盾 and the Black Dahlia to the Green River Killer and the BTK Strangler, this book provides an in-depth examination of the psychology behind these , and a guide to how to deal with each case. And don't be surprised if you have to sleep with the light on.

Discover the stories behind some of the most infamous unsolved murders of the last century, including the Black Dahlia, the Zodiac Killer, and the JonBenét Ramsey case. Detailing essential evidence. Profiling key suspects. Tracking police investigations. Sorting facts from speculation.

Serial Murders and the Psychology of Violent Crimes-Richard N. Kocsis 2008-01-08 This book brings together an international collection of research literature on the topics of criminal profiling and serial violent crime by integrating the respected insights of both scholars and practitioners from around the globe. It explains the etiological factors and psychological mechanisms to reveal criminal motives.

Serial Killers at the Movies-Michael C. Dailey 2011-01 The depraved crimes of both real and imagined serial killers and mass murderers have long transfixed us in newspapers and books, but perhaps nowhere more so than on the big screen. Films such as An Officer and a Gentleman, The Silence of the Lambs, Psycho, and Henry: Portrait of a Serial Killer have not only captured the imagination of audiences but have inspired the crimes of real-life serial killers.

Serial Killers: Theory and Practice-Michael C. Dailey 2011-01 This book includes case analyses, multiple-choice questions, true/false questions, essay questions, and other different exercises to help you test your knowledge of the behavioral aspects of serial homicide and the investigative issues that criminal profile analysts, detectives, and other law enforcement professionals face when trying to solve cases involving serial murder.

Serial Killer Groupies-Richard N. Kocsis 2008-01-08 Many of these women have shown a surprising desire to get connected to the serial killer of their choice. A large number of these women have become directly aligned with these killers, and some have even married these hardened criminals. The book will also cover almost any form of contact between serial killer groupies or even “prison groupies” by some, a great number of these women have shown a surprising desire to get connected to the serial killer of their choice. Several such cases and you’ll meet some of these SKG’s.

Why We Love Serial Killers-Scott Bonn 2014-10-28 For decades now, serial killers have taken center stage in the news and entertainment media. The coverage of real-life murderers such as Ted Bundy and Jeffrey Dahmer has transformed them into ghoulish celebrities. Similarly, the popularity of fictional characters such as Hannibal “The Cannibal” Lecter or Dexter demonstrates just how eager the public is to be frightened by these human predators. But why is this so? Could it be that serial murder is such a unique act of violence that it provokes a uniquely human, almost paralyzing emotional response in us? Could it be that something about serial killers makes them so much more interesting to us than other criminals?

Unsolved Murders-Hunter Test 2020-02-04 The fascination with and pursuit of serial killers is an enduring aspect of human nature. What is it about these serial killers that makes us so fascinated with them? What is it about the crimes they commit that make us so horrified? The fascination with serial killers and their crimes is a constant and compelling element of the human experience.

The Serial Killer Coloring Book-Chris Blundell 2020-03-13 The six myths of serial murder: addressing the “black hole of misinformation” that surrounds the subject. – Detailed case studies of John Wayne Gacy, Ted Bundy, and other serial murderers. – The state-of-the-art in law enforcement investigation of serial murder. This book brings together all of what we know, what we think we know, and what we don’t know about the horrific violence of serial murder. Part I introduces the subject of serial murder and provides an overview of the field. Part II describes the different types of serial killers and provides a comprehensive analysis of the career profile of each type. Part III offers a detailed examination of the crimes and methods of a number of serial killers and provides a comprehensive analysis of the career profile of each type. Part IV offers an extensive discussion of fourteen different police responses to serial murder. Finally, the author – a noted criminalist and former homicide investigator – discusses the current state of the art in the investigation of serial murder. Students of criminology, psychology, and sociology; true crime buffs; mystery writers and readers; journalists; skeptics; and criminal justice professionals will find this book of immense value.

Psychopedia: Blackhous 2014-04-22 For those looking to delve into the sick and psychotic minds of serial killers, Psychopedia is an extensive encyclopedia of serial killers and murders. A popular Apple iTunes app from inception, this title is now available in eBook format. Psychopedia Satisfies A Strange Curiosity - App Advice An insightful and interesting read into the minds and lives of psychopaths (which can become quite addictive) - AppAdvice From the Axeman of New Orleans to the Zodiac Killer, this publication presents readers with a compendium of the world's most prolific and notorious serial killers and the most captivating unsolved serial murder cases. The articles are written from an objective factual approach and make no attempt to glorify the murderers. With over 400 profiles spanning hundreds of pages it is a useful guide for students of criminology, sociology, or abnormal psychology. The content is derived from Wikipedia articles and most entries contain extensive details of the killer's early life, crimes, capture, and conviction. Genre screenwriters, novelists, fans of true crime literature and anyone with an interest in the macabre will find plenty of fascinating and grisly details of the world's most infamous and intriguing killers, and their horrendous crimes. All gruesome details can be discovered within its pages.

Natural Born Celebrities: David Schmid 2006-12-01 Jeffrey Dahmer. Ted Bundy. John Wayne Gacy. Over the past thirty years, serial killers have become iconic figures in America, the subject of made-for-TV movies and mass-market paperbacks alike. But why do we find such luridly transgressive and horrific individuals so fascinating? What compels us to look more closely at these figures when we really want to look away? Natural Born Celebrities considers how serial killers have become lionized in American culture and explores the consequences of their fame. David Schmid provides a historical account of how serial killers became famous and how that fame has been used in popular media and the corridors of the FBI alike. Ranging from H. H. Holmes, whose killing spree during the 1893 Chicago World's Fair inspired The Devil in the White City, right up to Aileen Wuornos, the lesbian prostitute whose vicious murder of seven men would serve as the basis for the hit film Monster, Schmid unveils a new understanding of serial killers by emphasizing both the social dimensions of their crimes and their susceptibility to multiple interpretations and uses. He also explores why serial killers have become endemic in popular culture, from their depiction in The Silence of the Lambs and The X-Files to their becoming the stuff of trading cards and even Web sites where you can buy their hair and nail clippings. Bringing his fascinating history right up to the present, Schmid ultimately argues that America needs the perversely familiar figure of the serial killer now more than ever to manage the fear posed by Osama bin Laden since September 11. "This is a persuasively argued, meticulously researched, and compelling examination of the media phenomenon of the 'celebrity criminal' in American culture. It is highly readable as well." —Joyce Carol Oates

Psycho.com: Eileen Ormsby 2020-06-12 True Crime True tales of serial killers who became internet sensations A pair of teens go on a murderous rampage and their exploits are immortalized in the most shocking video ever to circulate the internet.
