31 Days to Mentalism-Giochidimagia 2020-03-09 It has been a few years since the publication of Modern Mentalism with its 3 Volumes and little time since the publication of Mentalism from A to Z. In these volumes, techniques, psychology, tricks, ethics and much more have been explained about the world of mentalism. This world is always immense as a heritage of creativity for which I wanted to publish this new guide with a different approach: not to mention particular techniques but making available to the reader only tricks of mentalism to be carried out immediately. The aim is to create a real practical repertoire, to be performed immediately! The proposed effects are simple, effective and easy to learn and execute. This manual does not talk about psychological mentalism, or scientific, PNL, hypnosis, etc. but you will find methods that you will learn by performing the magic effects and some of which are quite unusual and therefore deserve to be known along with the more classic principles of the Mentalism. The presentations are not specifically addressed, as their importance is vital for the tricks but, in my opinion, it is too personal to be "taught" so a few indications were provided only on how to present each effect, for example on the specific topic, (mind-reading, reading non-verbal language, etc.); leaving the interpreter free to adapt or create his own presentation based on his individual uniqueness as an artist and person. The time has come to end the interminable rhetoric and to take action, or rather to tricks! In this ebook you find: Introduction Day 1: Guess what time is it! Day 2: Do you mind reading or do you magic tricks? Day 3: Subliminal response Day 4: Random words Day 5: We bet that I guess your card!! Day 6: I know which color you're going to choose Day 7: I know which color sequence you will choose Day 8: I can read your mind Day 9: I know what Grandma's name is it Day 10: Bet with the spectators! Day 18: See with the mind Day 19: No, that's not just possible! Day 20: What drink do you want? Day 21: The Book of Secrets Day 22: Burned thoughts Day 23: Non-verbal language Day 24: Capture emotions Giorno 25: Smell like victory Day 26: The mystery of the banknotes Day 27: Mental emotions Day 28: Guards and thieves Day 29: Telepathy with names Day 30: Predicting a thought card Day 31: Impossible numerical prediction! The Mayan Prophecies-Adrian Gilbert 1996 The present world will end on 22nd December 2012, so prophesized the Maya 5000 years ago in their inscriptions deep within the Central American rainforests. Modern Hebrew Fiction-Gershon Shaked 2008-05-01 Gershon Shaked's history of modern Hebrew fiction traces the emergence and development of a literature 'against all odds' - from its European roots in the 1880s, when it had neither a country nor a spoken language, to the flowering of a literary culture on Israeli soil.

Istemi-Alexei Nikitin 2013-12-01 One of the most ambitious and wildly inventive novels to have come out of Russia in years, this short novel embraces the Brezhnev years, the USSR's disintegration, and capitalist shock therapy in the post-Soviet bloc!The eponymous hero, part of a brood of bored science students, helps concoct a strategy game set in different eras where each "ruler" of his territory competes in Orwellian permanent war. But the KGB uncovers highly plausible and suspicious military plans and a long penance for each "combatant" ensues. All too late, Istemi is the first to realize the mysterious and disturbingly prophetic nature of a seemingly innocent invention. He is powerless as events long foretold for each unfold, including a hellish tour of duty in Afghanistan, incarceration in an asylum, and mindless bureaucratic drudgery—but what fate awaits Istemi as communist absurdist reality turns into postcapitalism nightmare?

Dreams and Stones-Magdalena Tulli 2011-08-15 Dreams and Stones is a small masterpiece, one of the most extraordinary works of literature to come out of Central and Eastern Europe since the fall of communism. In sculpted, poetic prose reminiscent of Bruno Schulz, it tells the story of the emergence of a great city. In Tulli's hands myth, metaphor, history, and narrative are combined to magical effect. Dreams and Stones is about the growth of a city, and also about all cities; at the same time it is not about cities at all, but about how worlds are created, trans- formed, and lost through words alone. A stunning debut by one of Europe's finest new writers.

The Republic of Love-Carol Shields 2013-12-17 The Pulitzer Prize-winning author of The Stone Diaries gives us a love story for the ages: the tale of two polar opposites on a rocky road to romance He's a thrice-divorced late-night talk-show host. She's an unmarried folklorist obsessed with mermaids. He lives for the present. She lives in the past. Both are leery of commitment. Neither has ever known lasting love. But when Tom Avery and Fay McLeod meet, it's love—or at least lust—at first sight. And then fate starts to throw them curveballs. Shifting between Tom and Fay's stories—from their complicated histories through their present-day angst—The Republic of Love features delightful secondary characters in the lovers' friends and families, including Fay's seemingly happily married parents and her beloved godmother, Onion. As Tom and Fay forge bravely ahead into a romantic minifield, they make startling discoveries about each other and themselves. With her trademark wit and irony, and a deep compassion for her hero and heroine, Carol Shields gives us a celebration of love in all its guises.

The wall as living place-Francesco Cacciatore 2014-03-19 There is ample evidence as to how the modern masters, in their shared pursuit of formal inventions and constructional inventions, variously referred to past examples they had freely chosen as guides that could inspire and support them in their strenuous pursuit of new things. The buildings shaped like soft clouds and gelatinous bowels, or the spiked bravura pieces designed by today's fashionable architects have no relation with either construction or history. Louis Kahn, instead, kept form, structure and history paradigmatically together. The book systematically reviews the intense structural experimentation that, in terms not just of building engineering but of spatial and representational potential, marked Kahn's work since the beginning and would eventually lead him, after a long apprenticeship, to an almost constant adoption of 'hollow' structural forms. By reviewing this long and intense journey of research, the book underlines how Louis Kahn, in each work and based on a constant dialogue between structural innovation, building tradition and figural evocation, succeeded in awakening our interest in a new 'fascinating' structure and at the same time our emotion for a deeply meaningful, universal and timeless form.

Groupie-Jenny Fabian 2005-09-01 When Groupie was first published in 1969 it caused a sensation. The Swingin' Sixties capacity to outrage may have been starting to decline, but this novel managed to shock all over again. A thinly fictionalised chronicle of Jenny Fabian's adventures with underground rock heroes of her day, Groupie caused a furor for all kinds of reasons...it had the scent of danger that accompanies an authentic original, it ruffled feathers with its matter of fact descriptions of drug taking and sexual high jinks, it prompted guessing which had never before been documented. Almost three decades later, this book is still extraordinarily fresh and relevant. Groupie is also the genuine article - no reconstruction of Sixties underground rock culture has ever captured the Zeitgeist as well as this novel.

The ineffable in Charles Correa-Eduardo Name 2021-11-18 Charles Correa - seen by many in India as a sort of guru, as someone capable to transcend and grasp the ineffable reality that surrounds us - has left his noteworthy architectural heritage across the globe. In 2013, the Royal Institute of British Architects (RIBA) celebrated him as one of the greatest contemporary urban planners showcasing his work in an exhibition called: "Charles Correa: India's greatest architect". Profoundly tied to my Indian origins, to me Correa has been the master over distance, a personal benchmark to set my goals against. He was my inspiring thinker, architect and urbanist, or simply said, the designer I would have liked to be. Many of Correa's last works show his deep-rooted search of the highest spiritual dimension in the attempt to trap part of the cosmic energy surrounding us into architectural works that were - and are - the shadow of his soul.

Lives of Rain-Nathalie Handal 2005 Poems of displacement and uncertainty, moving continent to continent, giving voice to Palestinians of the diaspora.

Barcelona Shadows-Marc Pastor 2015-09-08 In 1917, Barcelona's infamous Raval district is alive with outlandish rumours. A monster is abducting and murdering young children. The police are either powerless to prevent his terrible crimes, or indifferent to them, since they concern only the sons and daughters of prostitutes. But Inspector Moisés Corvo is determined to stop the outrages, and punish their perpetrator. His inquiries take him on a tour of the Catalan capital, through slum, high-class brothel and casino, and end in a stomach-turning revelation.

Parfums-Philippe Claudel 2016-07-26 From the sizzling sharpness of freshly cut garlic to the cool tang of a father's aftershave; the heady intoxication of a fanned first kiss to the anodyne void of disinfectant and death, this is a decadently original olfactory memoir. In sixty-three elusive episodes we roam freely across the countryside of Lorraine, North-East France, from kitchen to farm to a lover's bed. Recognising the bitter-sweet nostalgia of a scent that slips away on the summer breeze, Claudel demonstrates again his impeccable grasp of the personal and the universal, intertwined with a rare, self-deprecating charm. This is an evocative patchwork of once earthy and ethereal, erotic and heart-breaking. Claudel permits us a glimpse of moments that have driven him to delight or despair, creating through the fading aromas of the past fragments of humour, insight and quite beautiful.

Kraftwerk: Publikation-David Buckley 2015-06-13 Updated to include details of the group's recent concerts under the direction of Ralf Hutter. David Buckley examines the cult enigma that is Kraftwerk, including their beginnings in the avant-garde musical terrain of late-Sixties Germany and their Anglo-American breakthrough with Autobahn in 1975, as well as their astonishingly prescient work, which drew the musical template for techno, ambient, dance and all manner of electronic pop.Includes an interview with former member Wolfgang Flur:The inner workings of this most secretive of bands are revealed through interviews with friends and close associates, whilst the story of their incredible impact on modern music is traced up to the present day using interviews with a host of musicians, from original electro pioneers such as Gary Numan, the Human League, OMD and John Foxx, to contemporary acts still in awe of the original Man Machines.

Words & Money-Andre Schiffrin 2010-11-08 Ten years after the publication of The Business of Books, his groundbreaking critique of conglomerates in the book industry, Andre Schiffrin turns his attention to the broader crisis in the media. Just as corporatization and the lowest-common-denominator pursuit of the bottom line have had a paralysing effect on publishing, media consolidation has contributed to the ongoing demise of serious journalism in newspapers, magazines, serious broadcast news, and online journalism. Schiffrin compares the media crisis in the United States to the situation in Europe and across the globe, and he demonstrates how the American corporate model has extended its reach. But he also describes and considers a range of alternative policies culled from many countries that, if pursued, could help to save journalism and the media in the US. This is a superlative essay that will make everyone seriously interested in the media and publishing think again.

And when a book, The Key to the Secret City, leads Teo straight into the heart of the danger that threatens to destroy the city to which she feels she belongs. An ancient proverb seems to unite Teo with a Venetian boy, Renzo, and with the Traitor who has sworn to destroy the city. Teo is quickly subsumed into a world of forgotten wonders, and extraordinary adventures— all happening just above our heads. Join Jordy, Alex and Chloe as they cross the portal from our world to a strange and wonderful other place, accessible for just a moment in time through the trap-door of the attic in their family home. From hat-stand forests, to towering hills of desert forests, to secret rooms of old books and a great water-tank lake, the vast continent they stumble upon is of limitless surprises—and that's before they meet the inhabitants: strange clans of small and lumpen people who live in homes constructed from all manner of found things and drive vehicles powered by old sewing-machine parts. The World of Aldo Rossi—Antonio Monestiroli 2018 Aldo Rossi is one of the acknowledged masters of architecture of the second half of the 20th century; the interest in his work has remained constant since the 1960s, as is demonstrated by the events organised recently for the 20th anniversary of his death. The three essays gathered together in this small volume present a different view of the Italian architect and make a highly valuable contribution to the copious amount of literature already available on his work.

Sport Architecture—Emilio Faroldi 2020-09-25 The history of civilisations and places conveys the importance of the role the culture of sport and a cultivated management of leisure play in the definition of the identity of peoples...
and communities. Elevating such realms to the status of cultural assets to be shared and enhanced by analysing the dynamics of transformation of the city and territory related to them is a sensible, necessary and ethically correct action. The context of European architecture shows an increasing number of plans that both transform existing facilities and create new ones with a defining and strategic role in the development of urban and landscape fabrics. Activating a basic and permanent theoretical discussion is a fundamental and strategic action for the credibility and professional values of a sector that powerfully conveys the need to update and retrain its technical, executive and managerial personnel through a renewed cultural approach. The goal of this book is promoting awareness about the design enhancement of sport infrastructures as collective assets capable of developing identity and citizenship, through the analysis of both physical and immaterial factors and of the personnel charged with their conception, construction and management. Within contemporary architecture, the design of facilities for sport practice provides an extraordinary opportunity for the adaptation and strategic re-evaluation of the environment and its paradigmatic places. At the same time, sport infrastructures provide a crucial opportunity for architectural, design and technological experimentation – exploring their core features and enhance their potential is the main goal of this book.

These stories within stories and contemporary fables—whether a tongue-in-cheek crime story or the Christmas tale of apig, a language game leading to an unexpected epiphany or to an inward-looking tale built on the complexity of a puzzle box—come together in unique and surprising ways, offering readers a kaleidoscopic experience from one of Bulgaria’s most critically acclaimed authors.

So Cold the River-Michael Koryta 2010-06-09 It started with a beautiful woman and a challenge. As a gift for her husband, Alyssa Bradford approaches Eric Shaw to make a documentary about her father-in-law, Campbell Bradford, a 95-year-old billionaire whose past is wrapped in mystery. Eric grabs the job even though there are few clues to the man’s past—just the name of his hometown and an antique water bottle he’s kept his entire life. In Bradford’s hometown, Eric discovers an extraordinary history—a glorious domed hotel where movie stars, presidents, athletes, and mobsters once mingled, and hot springs whose miraculous mineral water cured everything from insomnia to malaria. Neglected for years, the resort has been restored to its former grandeur just in time for Eric’s stay. Just hours after his arrival, Eric experiences a frighteningly vivid vision. As the days pass, the frequency and intensity of his hallucinations increase and draw Eric deeper into the town’s dark history. He discovers that something besides the hotel has been restored—a long-forgotten evil that will stop at nothing to regain its lost glory. Brilliantly imagined and terrifyingly real, So Cold the River is a tale of irresistible suspense with a racing, unstoppable current.
