The Secrets of Lizzie Borden: Brandy Purdy 2016-01-26 In her enthralling, richly imagined new novel, Brandy Purdy, author of The Ripper's Wife, creates a compelling portrait of the real, complex woman behind an infamous crime. Lizzie Borden was once the epitome of Victorian beauty. Her wealthy father could easily afford to provide his daughters with fashionable clothes, travel, and a rich, cultured life. Instead, haunted by the ghost of childhood befriended by love, he and his sister, Emma, to low, feared the attention that the sip would call upon. Borden's life is full of doubt and confusion, as her father views all gentleman callers as fortune hunters. Lonely and deeply unhappy, Lizzie stifles her frustration, dreaming of distant places and new opportunities. But when a string of vicious murders begins to rock their idyllic world, she finds herself embroiled in a mystery that threatens to upend her life.

The Duke I Tempi: Scarlett Perkham 2018-07-31 He controlled. Meticulous. Immaculate. No one would expect the proper Duke of Westmead to be a member of London's most illicit secret society. Of all his sons, he had. Having overcome financial ruin and redeemed his family name to become the most legendary investor in London, the Duke of Westmead needs to secure his holdings by producing an heir. Which means he must find a wife who won't discover his secret cruising to spend his nights on his honeysand – or make demands on his long-scarred-over heart. Poppy Cavendish is not that type of woman. An ambitious, self-taught botanist designing the garden ballroom in which Westmead plans to woo a bride, Poppy has struggled against convention all her life to create a world that would come to know her. She's independent, intelligent, and quick-witted. But there is something compelling about Westmead, with his starchy bearing and impossibly kind eyes – that when an accidental scandal makes marriage to the duke the only means to save her. Poppy worries she's more than the title he offers her. A stranger no more than a few hours away. But Poppy yearns to uncover her husband's secrets – and to tempt the duke to risk his heart. An astonishingly greedy and volatile whole book is about to be revealed. In this second edition of The Secrets of Lizzie Borden, Purdy adds new material and updates existing sections to address the latest developments in the social and cultural history of Lizzie Borden and the Borden family. The Duke is Tempted: Modern Love: A Story of True Fate and Desperate Action: How to Defend Your Enterprise Identify all aspects of your business that are susceptible to attacks: Information Age, geopolitics, and global economy, shedding new light on corporate hacking, industrial espionage, compliance and privacy, organized crime and related problems, and a quick guide to determining the world-class defense against these threats. You will learn what you need to know about this dynamic global phenomenon: how to find out that it costs, how to build an effective program to mitigate risk and how corporate culture determines your success), as well as how to deliver the message to the boardroom and as the whole corporate community. The seventh edition of this pragmatic guide to secrets stolen fortunes lost preventing intellectual property theft and economic espionage in the 21st century as with ease as review them wherever you are now.

Managing Information Risk William Safraay 2020 Written by one of the foremost records and information management leaders in the world, this book provides a clear explanation and analysis of the fundamental principles of managing information risk. The book draws on the author's own experience and the experiences of others to provide a comprehensive overview of the major issues, and consequences related to use of an organization's information assets — Patrici, Franke, Program Coordinator for The Management of Archives and Records Management, School of Information, San Jose State University, and author of Records and Information Management.

Transnational Crime: Oxford Bibliographies Online Research Guide Oxford University Press 2010-05-01 This is a collection of articles covering criminology of a global nature, with a transnational approach. It is a dynamic, continuously updated, online publication that offers you targeted, user-friendly, authoritatively written information on the latest trends and other materials relevant to the study and practice of criminology. Oxford Bibliographies Online covers most subject disciplines within the social sciences and humanities, for more information visit www.oxfordbib.com.

Business Ethics, Seventh Edition: Joseph W. Weiss 2015-11-07 The seventh edition of this pragmatic guide to determining right and wrong in the workplace is updated with new case studies, exercises, and ancillary material. Weiss's Business Ethics is a pragmatic, hands-on guide for determining right and wrong in the business world. To be socially responsible and ethical, Weiss maintains, businesses must acknowledge the impact their decisions can have on the world beyond their walls. As an example of the book's integration of a stakeholder perspective, this new edition features exercises and a case management approach so students can learn how a business's actions affect not just share-price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss includes case studies that immerse students directly in contemporary ethical dilemmas. Eight new case studies in this edition include Facebook's (misuse of customer data, the impact of COVID-19 on higher education, the opioid epidemic, the rise of Uber, the rape of a child within Amazon's warehouse, and the alleged safety of Amazon's warehouse farms). Students practice analyzing and evaluating what they have read, writing a four-page paper using the case as an example of an ethical topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide is written as a practical way for students to discover the most important and least accessible research sources you are likely to encounter. Weiss presents a state-of-the-art, brief, printed presentation of a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online publication that offers you targeted, user-friendly, authoritatively written information on the latest trends and other materials relevant to the practice of criminology.

Business Ethics, Seventh Edition: Joseph W. Weiss 2014-07-14 NEW EDITION, REVISED AND UPDATED This is a pragmatic, hands-on, up-to-date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues and crisis management approach so students can look at how a business's actions affect not just share-price and profit but the well-being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty-first century examples of business ethics exercises, addressing questions like, Should tech giants be broken apart? What is the line between free speech and censoring the speech of others? What is the most acceptable use of customer data? How does Amazon use customer data? What is the impact on customer data? What is the impact of the Cambridge Analytica scandal on Big Tech? Unbroken - [J. Florence 2014-02-10 Special Preview of] In the spirit of The Guernsey Literary and Potato Peel Pie Society, with its quiet tale of a hidden gem, and A Bridge too Far, which reveals the life or death struggle of a man facing sheer adversity, Unbroken is a love letter to the world of books—bookshelves—that changes our lives by urging us to the stories that open our hearts and enlighten our minds. On the faded Island Books sign hanging over the porch of the Victorian cottage, the original owner, who once knew Anne Frank, has written: “We cannot live without books.” And that is why Unbroken is about a book, and the story it reveals. Zamperini’s war, which began to expose one of the most chilling conspiracies in American history.

The Storied Life of A. J. Fikry - Lauded by Oprah Winfrey as “a remarkable novel,” The Storied Life of A. J. Fikry is a heart-wrenching and laugh-out-loud funny story about a bookseller who is losing everything after he discovers just what that truly means. A. J. Fikry’s life is not at all what he expected it to be. His wife has died, his best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this novel. Our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this novel. You don’t have to be a sports fan or a war-history buff to devour this novel. The Story of the Treasure Seekers (Illustrated) - This is a classic! I think this book is a great way to start reading and enjoying literature. It's a wonderful story about a group of children who embark on an adventure to uncover a mystery in their village. The story is full of twists and turns, and the characters are well-developed. It's a delight to read and explores themes like friendship, determination, and the power of imagination. Highly recommended for all ages!

The 5th Wave: The Complete Collection - The 5th Wave: The Complete Collection is a thrilling and suspenseful series that follows a young girl named Cassia as she navigates a post-apocalyptic world where humans are being hunted by extraterrestrial aliens. The series explores themes of love, survival, and the human spirit, and is a must-read for fans of dystopian fiction. The second book, “The Ascendance,” is particularly powerful and leaves readers on the edge of their seats. Overall, this is a gripping and action-packed series that is not to be missed.

The Secrets of Madragi - Madragi is a world where Madragi—huge social economic entities wealthy beyond compare—control the fate of humanity. The book explores this world through the eyes of a young girl named Saba, who discovers that her home is under threat from a corrupt government and must fight for her family’s freedom. The story is compelling and thought-provoking, and it raises important questions about power and corruption. Highly recommended for fans of dystopian fiction.

The Secret World of the Treasure Seekers - This is a delightful and charming tale that follows a group of children as they embark on a treasure hunt. The story is filled with adventure, misadventure, and a good dose of humor. It’s a wonderful book that will transport readers back to their childhood and remind them of the joy of reading.

disputes over estates; flirtations in boardrooms; glittering art collections; Machiavellian courtroom maneuveries; and the calculated use of money to buy and retain friends and influence. Empires of Pain is a masterpiece of narrative reporting and writing, exhaustively documented and as bracingly compelling as it is a portrait of the excesses of America's second Gilded Age, a study of impropriety among the super-elite and a relentless investigation of the naked greed and indifference to suffering that defined one of the world's great fortunes.

The Finance Curse—Nicholas Shaxson 2019-11-05 A searing indictment of global finance, exploring how the banking sector grew from a supporter of business to the biggest business in the world, and showing how societies might fight against financial hegemony. Financial journalist Nicholas Shaxson first made his reputation studying the “resource curse,” seeing first-hand the disastrous economic and social effects of the discovery of oil in Angola. He then gained prominence as an expert on tax havens, revealing the dark corners of that world long before the scandals of the Panama and Paradise Papers. Now, in The Finance Curse, revised with chapters exclusive to this American edition, he takes us on a terrifying journey through the world economy, exposing tax havens, monopolists, megabanks, private equity firms, Eurobond traders, lobbyists, and a menagerie of crooked financiers quietly financializing our entire society, hurting both business and individuals. Shaxson shows we got here, telling the story of how finance re-engineered the global economic order in the last half-century, with the aim not of creating wealth but extracting it from the underlying economy. Under the twin gospels of “national competitiveness” and “shareholder value,” megabanks and financialized corporations have provoked a race to the bottom between states to provide the most subsidized environment for big business, have encouraged a brain drain into finance, and have fostered instability, inequality, and turned a blind eye to the spoils of organized crime. From Ireland to Iowa, Shaxson shows the insidious effects of financialization on our politics and on communities who were promised paradise but got poverty wages instead. We need a strong financial system—but when it grows too big it becomes a monster. The Finance Curse is the explosive story of how finance got a stranglehold on society, and reveals how we might release ourselves from its grip.

Secrets—Romeo Alexander 2021-04-23 Life is pretty good. My residency at Greenford University suits me, and I have a place of my own. It’s quiet, but quiet never bothered me all that much. When I met Alex, it wasn’t the best first impression. The circumstances weren’t good, but now I was finding it hard not to fall for the guy. And yeah, I knew he had secrets, but I was still willing to give us a try. I didn’t know those secrets would blow my quiet life apart and change everything. Alex. When my brother was killed, enough was enough. I finally decided to testify against the local gang leaders. Of all the ways I’d pictured my life going, hiding out in a small town under the protection of the federal government wasn’t one of them. I definitely wasn’t expecting Cid. He may be a little against the local gang leaders. Of all the ways I’d pictured my life going, hiding out in a small town under the protection of the federal government wasn’t one of them. I definitely wasn’t expecting Cid. He may be a little...
