This collection of papers serves as a good indication that valuable research is being conducted throughout Europe and that research is establishing itself as an important area of applied linguistics. This book is mainly addressed to those in-service educators who teach in bilingual classrooms anywhere in the world, under any circumstances, and who wish to explore CLIL pedagogical approaches, strategies, predictions and outcomes.

CLIL in Context Practical Guidance for Educators - Frederic Genesee 2016-09-30 This collection presents new insights into the role of heritage language and the correlation between culture and language from a pedagogical and cosmopolitan point of view.

and their implications for classroom practice. The authors show how CLIL and EMI practices are carried out in different countries, in different aspects of the teaching/learning enterprise, and at different levels of educational administration.

For the benefit of every child and to bring the vision of three or more languages (1+X) to reality, students to various cultures and types of people are essential for success in the current world. The Handbook of Language Policy and Planning in the Multilingual World is a collection of the best papers presented at the 10th MAC 2017 in Prague.

Handbook of Research on Bilingual and Intercultural Education - Gómez-Parra, María Elena 2020-03-27 As a result of the socio-economic, institutional, and discursive processes of change taking place under the conditions of Late Modernity, Late Modernity refers to the widespread processes of late capitalism leading to the selective result of the socio-economic, institutional, and discursive processes of change taking place under the conditions of Late Modernity. Late Modernity refers to the widespread processes of late capitalism leading to the selective result of the socio-economic, institutional, and discursive processes of change taking place under the conditions of Late Modernity. Late Modernity refers to the widespread processes of late capitalism leading to the selective result of the socio-economic, institutional, and discursive processes of change taking place under the conditions of Late Modernity. Late Modernity refers to the widespread processes of late capitalism leading to the selective result of the socio-economic, institutional, and discursive processes of change taking place under the conditions of Late Modernity.
